F.A.Q.'s

Do the adults and children bowl on the same lane?

Yes, adults and children bowl together. The bumpers will come up automatically for kids who need them.

It's my child's first time bowling, will the bowling ball be too heavy?

We have light weight balls for the kids starting at 6 lbs. Children as young as 3 can bowl. Ramps are available too, if needed.

Can another adult alternate bowling week to week?

Yes-definitely. They will establish an average the first time they bowl. Children can switch off also.

Are the lanes handicap accessible?

Certainly! Children of all abilities can enjoy bowling. We have bowling assist ramps and a brand new single user family restroom.

What do I do if I know we will miss a week?

You can pre bowl ahead of time. Speak to an employee to find out available days and times. The bowling fee is guaranteed.
